

## Forest & Logging Program Advantages

	Benefit to You
Commercial General Liability	The policy does not contain a total pollution exclusion. We provide some coverage for bodily injury or property damage arising out of escape of fuels, lubricants or other operating fluids needed for the operation of mobile equipment.
Logging & Lumbering Broad Form Liability Endorsement	We offer coverage for fire suppression, property damage to timberland (overcut/timber trespass) and property damage as a result of loading or unloading. This coverage is available by endorsement to the commercial general liability policy.
Pesticide or Herbicide Applicator Coverage	The policy can be extended to include bodily injury and property damage arising out of application of pesticide or herbicides. This is an important coverage for risks involved in logging and reforestation.
One-stop Shopping	Get all your coverages in one place, with one carrier. Victor's Forest & Logging program is admitted and provides commercial general liability, property, inland marine (contractors equipment), commercial automobile/truckers and umbrella coverage - all with an A rated carrier. Coverage and limits may vary by state.
Commercial Automobile, Broadened Pollution	The policy can be endorsed to provide coverage for a common exposure many logging operations face; carrying fuel and lubricants in tanks or drums out to the woods in a covered automobile.

Visit victorinsuranceus.com/forest for more information or contact a Forest & Logging underwriter at forest.us@victorinsurance.com.
